

Report of Assessment Work for the Claim - Documents required

his directive has been in effect since January 12, 2004. It renders any previous directive on the same topic null and void. The directive has been adopted under Section 72 of the *Mining Act* (R.S.Q., c. M-13.1), and includes the stipulation that:

The claim holder shall perform work required on the claim before the sixtieth day preceding the claim expiry date. The holder shall submit a report to the Minister **before the claim expiry date**. The report shall be in the form **prescribed by regulation and be accompanied by the required documents**.

Reports of assessment work:

- must be accompanied by the Work Declaration Form. Reports that are not accompanied by this form will be refused at the claim expiry date;
- will also be refused if they are received at the Bureau du registraire after the claim expiry date.
