

Filing of surface mineral substance extraction and alienation reports

Monthly, quarterly and annual surface mineral substance extraction and alienation reports must be produced and filed via GESTIM. Users must be preferred members of GESTIM (membership takes effect between five and ten days after application.)

N. B. Holders of sand and gravel extraction titles whose sites are located on lands in the domain of the State in administrative regions that have signed a sand and gravel extraction management delegation agreement are not bound by this procedure.

Administrative regions that have signed a sand and gravel extraction management delegation agreement

Region 1 - Bas-Saint-Laurent
