

Within the meaning of the *Act respecting access to documents held by public bodies and the protection of personal information*, the information that identifies you is confidential. However, this information is essential for the processing of your file. Thus, the Department commits itself to restrict access to confidential information to only those duly authorized to use and dispose of it in compliance with this Act.

IDENTIFICATION AND WORK SYNTHESIS

SECTION 1 : APPLICANT (Obligatory)

Please fill out the contact information of the person completing this form. This person will receive an acknowledgement of receipt of this declaration and will be contacted for any additional information request.

Last name		First name		Client number	
Address				City	
Province	Country	Postal code	Telephone (home)	Ext.	
Email address					

SECTION 2 : OPERATORS (Obligatory)

Please identify the operators as defined in section 1 of the Mining Tax Act, c. I-0.4, and their participation percentage for all the titles and declared work.

1.

Name				Client number	
Address				City	
Province	Country	Postal code	Telephone (home)	Ext.	
Email address					
Quebec enterprise number (NEQ)			Participation percentage		

2.

Name				Client number	
Address				City	
Province	Country	Postal code	Telephone (home)	Ext.	
Email address					
Quebec enterprise number (NEQ)			Participation percentage		

SECTION 3 : PROPERTIES / PROJECTS (Obligatory)

Please provide the name of the properties / projects associated with this declaration.

Name

SECTION 4 : STATEMENT (Obligatory)

As a mining right holder or his representative, you are responsible for all the information disclosed in this form. Check the appropriate box, write down your name and the date in block letters, and sign the statement.

Statement from the holder of the mining right(s) or his representative

I hereby certify that all provided information in this form, its appendixes and attached documents are accurate, complete and submitted only once. I acknowledge to be the holder of this or these mining right(s) or his duly authorized representative.

Last name	First name
Date : / / Year month day	Signature : _____

Do not forget to attach the maps, plans, reports and registers required by regulation.

This form must be sent by mail only at the following address :

Ministère des Ressources naturelles et des Forêts
Service de la gestion des droits miniers
5700, 4e Avenue Ouest, local C-320
Québec (Québec) G1H 6R1

No de requête : _____ Date de réception : _____ Initiales : _____

SECTION 3: WORK SUMMARY

For every title aimed by this statement, report here all the declared amounts in each appendix according to the type of work. To do so, enter in the first column the title number, in the second column the corresponding number of hectares and, in the following columns the reported amount according to the type of work. Also, at the end of each column and row, enter the total costs and grand total. Write down the location of your titles on the top line and check the appropriate box(es).

GEOPHYSICAL, GEOLOGICAL AND GEOCHEMICAL SURVEYS

In regard to the report accompanying the geophysical, geological and geochemical surveys, the work declaration must meet the minimum requirements of **sections 74 to 80 of the Regulation respecting mineral substances other than petroleum, natural gas and brine.**

SECTION 1: GEOPHYSICAL SURVEYS

Write down the method, the period (year, month, day) during which the surveys were performed, the number of kilometres covered and, in the COST column, the expenses incurred for each survey. Add the costs and write down the grand total in the TOTAL (1) box.

This total must be rewritten at section 3, titled "Work summary", and distributed by title according to the type of work.

Method	Date(s) of performance from (year/month/day) to (year/month/day)	Length (in km)		Cost \$
			+	
			+	
			+	
			+	
			+

			+	
			+	
TOTAL (1)			=	

SECTION 2: GEOLOGICAL SURVEYS

Write down the method, the period (year, month, day) during which the surveys were performed, the number of kilometres covered, and in the COST column, the expenses incurred for each survey. Add the entered amounts and write down the total sum in the TOTAL (2) box.

This total must be rewritten at section 3, titled "Work summary", and distributed by title according to the type of work.

Method	Date(s) of performance from (year/month/day) to (year/month/day)	Area (in km ²)		Cost \$

SECTION 3: GEOCHEMICAL SURVEYS

Write down the method, the period (year, month, day) during which the surveys were performed, the number of kilometres covered, and in the COST column, the expenses incurred for each survey. Add the entered amounts and write down the total sum in the box titled TOTAL (3).

This total must be rewritten at section 3, titled "Work summary", and distributed by title according to the type of work.

Method	Date(s) of performance from (year/month/day) to (year/month/day)	Number of samples		Cost \$

EXAMINATION OF ROCK OUTCROPS AND ERRATIC BOULDERS

In regard to the report accompanying the examination of rock outcrops and erratic boulders declaration, refer to **section 73 of the Regulation respecting mineral substances other than petroleum, natural gas and brine.**

SECTION 1: PROPERTY EXAMINATION

Write down the method or type of work done as well as the period (year/month/day) during which the work was performed. In the last column, write down the incurred costs for wages to the staff or the incurred costs to carry out the work. Add the costs and write down the grand total in the TOTAL (1) box.

Method	Date(s) of performance from (year/month/day) to (year/month/day)		Cost \$

		+	
TOTAL (1)		=	

SECTION 2 : DETAIL OF RELATED COSTS

Use this section to report any type of expenses incurred during the examination of your property. If relevant, briefly describe the nature of the expenses and enter the corresponding cost. Finally, add each cost and enter the total amount in the TOTAL (2) box. **Note: refer to section 70 to the Regulation respecting mineral substances other than petroleum, natural gas and brine.**

Description		Cost \$

TOTAL (2)		=	

GRAND TOTAL (TOTAL 1 + 2)

Enter the total amount of expenses incurred for the property examination.

This total must be rewritten at section 3, titled "Work summary", and distributed by title according to the type of work.

GRAND TOTAL (1 + 2) =	
------------------------------	--

SECTION 3: GRAND TOTAL (TOTAL 1 + 2)

Write the total amount of expenses incurred for stripping and excavating work.
This total must be rewritten at section 3, titled "Work summary", and distributed by title according to the type of work.

	GRAND TOTAL (1 + 2) =
--	------------------------------

SECTION 4: DESCRIPTION OF STRIPPING AND EXCAVATING WORK PER MINING TITLE

In the following columns, write down the number of each title subject to mining work and, where applicable, the stripped area in square meters (m²) or the volume of soil or excavated rock in cubic meters (m³) on the parcel of land subject to the mining title. Detail the dimensions of the covered area.

Mining title number	Trench number	Excavated volume (in m ³)		Dimensions (in metres)		
		Soil	Rock	Length	Width	Depth
